

Little Doc VanLandingham Elected First President Of Co-Op Cattle Auction

**B. Elliott Named On
Important Committee**

House Speaker Tom Beasley, of DeFuniak Springs, last week ended a special legislative committee to draft a new election law, which will be presented to the special session of the Legislature, likely to be called by Governor Caldwell.

B. Elliott, of Pahokee, and Irl Bronson of Kissimmee, are two of the members of the committee. They are to lead the proposed election law resolution.

Many months of hard work by a committee from the Cattlemen's Association brought results Monday night when more than 30 of the Glades formally organized a Cooperative Cattle Auction Market.

The purchase of feeders and the selling of fat beef cattle is ready to get started. The Glades now that some such steps are of prime importance to this vigorous baby industry.

A discussion was held concerning possible locations for the market buildings and storage pastures, and committees assigned particular lines of investigation so that a decision can be made at an early date. Cattlemen from Pahokee and Canal Point, as well as around

the south end of the Lake were present at the meeting.

After the meeting many cattlemen expressed themselves as highly pleased with the number of persons attending and joining the Co-op, and predictions were numerous about "the biggest and best auction market in Florida" within a comparatively short time.

OBSERVATION

and Comment
By John M. Gledhill

It seems as if the summer storm season is here with a small hurricane playing around in the Atlantic. The season started the same way last year with a small blow making up and then blowing it self out as

a forerunner to the "Grandpappy" type hurricane that entered the coast at Ft. Lauderdale. Even if the season should pull a repeat this year, the Glades region is better prepared for it. The government engineers have kept the gates in the

pority of the local citizen, taking vacations, have returned and farmers have turned to the task of breaking land. At the present time it is almost impossible to tell just how much land is being plowed but just about everywhere a person looks big stripes of the rich muck lands are starting to appear. If "Mother Nature" will permit... holding back with bad weather and excess rain... there is a chance for a very good season, which

"I would like to thank the Elks, Lions, Lake Shore Electric, Glades Appliance and the Harry E. Ross Construction Company for their help and cooperation in making these repairs," Mr. Earwood stated.

"I want to thank Rev. L. F. Vandewater and his volunteer workers for a job well done and also for his splendid cooperation and keen community interest," Mr. Earwood concluded.

Lions Hear Fine Report Of Convention From Delegate H. Close

The week of September 12th, starts the perfect attendance campaign for the thousands of Lions Clubs, and the meeting of the club, which is the 15th for the Belle Glade club, attempt will be made for 100 per cent attendance. The year's attendance campaign will continue until April.

Herman Close, one of the local club delegates at the New York convention, presented to the club a most interesting report of that convention. Coach "Doug" Levitt was introduced by his host Coach Cooke, and Henry Earwood introduced his guest William DeLoach, the new secretary of the Chamber of Commerce. All arrangements were announced as being completed for the softball game at Memorial Field, this Friday night between the Lions Club and the Pheta Sigma Phi Sorority.

SCHOOL FACULTY
Continued from page 1
The pre-school classes are provided under the new educational system, and while teachers at first looked upon the innovation with a dubious view, they now see the wisdom of the move, as the courses prepare them for better work, both for teacher and pupils, as well as aiding in advancing of future salary standings.

The courses were not all book learning but included many outside features which increased knowledge of local territory and conditions and advantages, which might be applied to school work.

Business Men Home From Vacations
Mr. and Mrs. "Raney" Hotard, the former in season lined up with the FCO Railroad shipping and management, has returned from an extended visit in Mississippi and Louisiana. H did much traveling in those states and reports that he had great satisfaction of partaking of the fine foods served.

Brahma's Bring Big Price At Auction Sale
The first auction of Brahma cattle, by the owners, was held at the Clover Bar Ranch of Stockridge and Blackwell at Sarasota, on Monday, which was attended by hundreds of Florida cattlemen.

A herd of 19 registered cattle brought an average price of \$443. Brahma bull, Sand Martena, was bought by Fred House for \$1,500; and Blue Bonnet, a heifer, was secured by J. P. James, for \$1,075. The sale attendance proved that Florida cattlemen are much interested in the Brahma strain of cattle.

CLOTHING NEEDED FOR LOCAL SCHOOL CHILDREN

Led by St. Mary's Altar Society, church organizations of Belle Glade are requesting the public to leave at Sullivan's Pharmacy whatever wearing apparel they have on hand that can be used by school children or can be adapted for use.

Using visiting nurses and other welfare-minded persons at the source of information, the ladies have a list of children who will not be able to attend school because they have no suitable clothes.

"Bundles for Belle Glade" is a story of the people who will be handsomely furnished.

Just as Auxiliary To Be Organized Here

A Junior American Legion Auxiliary is being organized under the sponsorship of Mrs. Elsie Allen and Mrs. Evelyn Bair. The meeting will be held at the Legion Hall here, Thursday evening September 8th at 7:30, and all girls who are daughters or sisters of Legionnaires are invited to attend. The age limit is from birth to 18 years, and mothers are requested to accompany the younger girls.

MARY WILLIAMS IS BRIDE OF CECIL BAIR

The Rev. Leonard Vandewater performed the marriage ceremony for Miss Mary Williams and Cecil Bair, August 28th at 4:30 p. m. in the Community Methodist Church.

Miss Ruth West, organist, presided at the altar. Music, songs and solos were sung by W. L. Cunningham, and W. T. For-

est. White gladioli and potted palms formed a background, and tapered in branched candelabra were arranged on each side of the altar.

The bride who was given in marriage by her father, Mr. Williams, wore a gown of white satin with fitted bodice and full skirt. Her veil was attached to a tiara of orange blossoms, and she carried a bouquet of tube roses centered with an orchid.

Matron of honor was Mrs. James Williams who wore a gown of white organza and carried a bouquet of red rose buds.

A reception was held at the home of Mr. and Mrs. Milton Maxey immediately following.

The young couple left for a short wedding trip, and will make their home here.

Out of town guest included H. C. Bair of Troy, Ohio, Roy Bair of Rossburg, Ohio, Mrs. T. C. Dukes of Tampa and Mrs. Arthur Overseas of Miami.

PAHOKEE FAVORS

Continued from page 1

The city has already secured a site on the Canal Point road for the erection of the proposed modern hospital building, and soon as bonds are issued, which run for 25 years, sold and valued, steps will be taken for the asking of bids for the construction of the new plant.

The Belle Glade and Pahokee hospitals have been operated by the Hospital board, composed of district representatives, and when the new institution becomes a reality the Glades will have two very modern and efficient hospitals.

The Belle Glade Memorial Hospital was built and operated several years ago by the Government, which later was transferred to the Hospital Association.

If Not 18 You May Join National Guard

If you are 17 and not yet 18½ you may join the National Guard and not interfere with your schooling or no economic life, according to Guard officials.

There is also a provision of Selective Service that makes it necessary that you "satisfactorily participate in scheduled drills and training periods," therefore merely joining the Guard won't let you out, you've got to work at it.

Training in the Guard is being put on a basis to secure proficiency for the men by the use of Reserve Officers.

Pahokee Favors Dies

Albert F. Hooper, who has resided at Pahokee for the past 35 years, engaged in farming, died in a West Palm Beach hospital on Tuesday. He was unmarried and leaves no immediate family.

Funeral services were held at the Berry Funeral Home, Thursday, at 10 a. m. by Rev. C. T. Howard, the Methodist Church officiating. Burial was made at the Ft. Myers Cemetery.

New Driver's License On Sale

According to Julius Harris, deputy under County Judge Richard P. Robbins, the 1949 driver's licenses went on sale Wednesday, September 1st at his office in the HERALD building on South Main Street in Belle Glade.

In order to obtain a new license a person must bring his \$4.00 license to turn in. The price of the licenses is the same as last year, \$1.25 for operators licenses and \$2.25 for chauffeurs licenses. Everyone is cautioned to renew their licenses as soon as possible since they must be renewed by October 1st. If the license is not renewed by that time, the applicant must stand the state test or pay a fine.

Last year many people waited until the last few days and were forced to stand in line for long hours. Even though over 4,000 licenses were sold this could have been avoided if everyone had come in early instead of waiting until the last few days.

Farmers or those employing a number of people may collect their employees' licenses and bring them in to be renewed if they wish to do so.

and the fine work being accomplished at the Belle Glade hospital.

"What we are working toward now is the coordination hospital and community services, so that when a patient leaves the hospital, he or she will continue to receive care in the home, or in the community, or in the hospital, as the case may be."

In regard to the Belle Glade hospital Miss Woodville stated, "This hospital is working on appropriation provided by the State Health Department and the Federal Children's Bureau, so that it can continue its excellent services. Here we are also stressing the community maternal care program for mothers and children. This includes community and hospital coordination and clinics for healthy as well as sick children."

RISK FAMILY BACK

(Continued from page 1)

The trip was without any trouble, but in the edge of Arkansas, near West Memphis, escaped with what could have been a serious accident. Traveling along a black federal highway they came to a bridge which had a roof ridge approach from each side. As they topped the center ridge to go down the decline, they found two cars stalled, and only by quick application of the good brakes did they escape plunging into the group.

William Boies, identified Mr. Risk called upon C. A. Robbins, who is the governor of the state, they having been college classmates, and had not met since 1907. This visit was of most interesting nature for both of these men.

Coming through the wheat growing region they found the huge combines harvesting bumper crops of wheat, jammed in elevators and piled in high pyramids on the ground covered with water proof tarps. In the corn belt a mammoth corn crop is ready for the harvest and shock for curing. Looking cattle were to be found all over the prairie state territory.

Mr. Risk stated that he did not know that Dick Townsend or Frank Anderson had moved to California, but in the oil section around Bakersfield, Cal., he found both of these men in service station business, with neon

signs brazenly carrying their names

The visit to the Yosemite valley to see the grandeur of that national park, and the tall trees; the beauties of the Grand Canyon of the Colorado, and the entrancing beauty of Yellowstone National Park, were side features trips which all enjoyed.

Mr. Risk did not forget to call on Lion club's meeting along his travel route, and reports some mighty fine and enjoyable meetings.

"Buz" Granger In Hospital

"Buz" Granger, superintendent of the prison farm, was a victim of a severe heart attack on Tuesday, and was removed to St. Mary's Hospital at West Palm Beach for observation and care. Latest report was that his condition was not so good.

J. T. Russell To Engage

In Business At Moultrie, Ga.

J. T. Russell, who for some time past has been connected with the Belle Glade staff of the Independent Life Insurance Company, is moving his family to Moultrie, Georgia, where his mother and two brothers reside.

Mr. Russell is to become affiliated with his brothers in the Home Furniture Company.

Moultrie is a thriving agricultural section where peanuts, hogs and tobacco are raised, and the Swift Company has a large packing house.

The past season tobacco growers reaped a high market profit from their crops.

Mr. Frank Kirk and daughter, Janet Ruth, have returned from the Palm Beaches where they spent a week visiting with Sheriff and Mrs. John Kirk, Mr. and Mrs. James Cook, and Mr. A. E. Kirchman and children.

Franklin Stallings, son of Mrs. Frank Kirk has enrolled at the Miami University for his freshman year.

No Double Talk—Facts—Experience

1. — We don't need a city manager at PRESENT TIME.
- 1a. — We need five agreeable city commissioners. No nominees or personal prejudice.
2. — The commission should appoint — One commissioner Police Commissioner. One commissioner Mayor. One commissioner Municipal Judge.
- 2a. — Not one man the whole works.
3. — We need a good strong efficient police department that will police the City.
- 3a. — Not a skeleton force and an over-worked chief.

Scout Leaders Hold Meeting

Cub Scouts, Boy Scouts and Senior Scouts of the Gulf Stream Council have lots of fun and thrills in store for them during the Fall season if the "Round-Up" Committee has its way.

An enthusiastic committee composed of Scout Leaders from the 10 Districts in the Gulf Stream Council met Wednesday night in Fort Pierce and mapped out plans for Scouting activities for the Fall and Winter, announced Mr. Tom Kirk who attended from this area.

The committee's plans call for rounding up and registering 9 year old boys into Cub Scouting, all 12 years of age into Boy Scouting and 15 years of age into Senior Scouting program. Every District will hold campfire programs, cook-outs, camping trips, wide games, street shows and similar Scouting activities to entertain and make the Scout program attractive to all boys. The Fall activities will be climaxed with a big Round-Up celebration in November. Parents will be invited to this big Round-Up program and entertained with Scout games activities. The main feature of the will be an impressive Investiture Ceremony of all Cub Scouts.

The Gulf Stream Council is striving hard to turn two awards being offered Councils in this region. The Smith-Richardson Award will be given at all councils making an increase in their Cubbing, Scouting and Senior Scouting. Alf R. Nielsen, Chairman of the Florida Division, is also offering a special award to the Council having the greatest increase in boy membership. President Baulerion stated that the membership had increased 151 over the same time last year and he hoped each District

would work to earn the awards for growth in membership.

Council-wide activities planned at the Committee meeting include a Scoutmasters' outing to be held at Lake Osborne Camp, Saturday, September 18th, to which wives will be invited to attend. A Patrol Leader's conference will be held at the Camp, October 9th. A Cub-Pow Wow for Cubmasters and Den Mothers for October 16th. The annual meeting will be held on October 28th. A Sea Scout Cruise in the Atlantic to Miami for all Senior Scouts will take place October 30th.

Boys of Cub Scout, Boy Scout, and Senior Scout age are urged to join up immediately so that they can participate in the many fall activities to be enjoyed.

OBSERVATIONS

(Continued from page 1)
the glades has not seen for the past two years.

Starting September 7th school will be in full swing, with all pupils being in school on that day. According to Principal F. O. Hobson, a very large enrolment is expected for this year, and that school will be more crowded this year than last.

If everything goes well there is a very good chance of getting the proposed new high school started by April or May of next year. Since the school board failed last May financing of the new building will be handled on a pay-as-you-go plan.

The "Old Judge" has been, for the last two weeks, spending his vacation at his cottage in St. Cloud, Fla. We know he has enjoyed these few days off from the regular grind and if you have missed him setting on the canal bank with his pole and line pulling in catfish it is because he has been doing the same at St. Cloud. "Welcome back," Judge.

From all indications, the local Legion Post will provide a good time on Armistice Day, November 11th, with a dance. An orchestra will furnish the music and prizes will be given away.

While fishing last Wednesday night, the markets will be open afternoons, Harold Rubin and his party might get good luck while casting in Pelican Bay, just on the north of Kramer's Island. A 3 1/2 pound and one 5 pound bass was taken by Mr. Rubin in an afternoon. The pepper grass beds deep in the cove of the bay.

Reports also have it that the bass are biting at Observation Island near Cleveland. Bass are being taken from the ribbon grass and pepper grass beds, reportedly in limit numbers.

The Belle Glade Alumni Club of the University of Florida gave Carroll McDonald a send off breakfast last Thursday morning. At this meeting a resolution was presented for action and it was duly adopted. The resolution read in part as follows: "Now therefore be it resolved by the University of Florida Alumni Club of Belle Glade that the State Alumni Association of the University of Florida take a more active part and interest in the development of a winning football team, and that the State Alumni Association be respectfully urged to set up a major athletic organization modeled along the lines of the alumni athletic programs of other Southern State Universities prominent in the football world, and that the State Alumni Association devise and develop a permanent program of interesting big industry in the state of Florida, which has benefited to a considerable degree from the research and other contributions from the University of Florida. In the development of a winning football team at the University of Florida.

A copy of this resolution was sent to the various clubs around the state by the local organization asking their support in the drive for a better athletic program.

A copy of this action was also sent to the Dean of Physical Education at the Florida school.

The Southern Bell Telephone Company has the honor of constructing an all red brick building in the city limits of Belle Glade. The new structure will house a complete new dial system for the Belle Glade area that is scheduled to be in operation by the first of the year. An underground cable is being laid from West Palm Beach and accommodations for the cable have already been laid in the city.

Local roads and streets here in the city are in bad need of repair due to the summer rains. The west half of Ave. A is in a deplorable condition and will probably need a full resurface job.

Plans for the county wide Labor Day Barbecue are shaping up and 20,000 guests are expected to attend. Well, the vacation period for the "Old Judge" is over, and now it is back to the newspaper grind for another year. Play and rest combined made a very pleasant release from customary duties. Attended social functions in St. Cloud, visited among friends galore, attended lodge sessions, and of course fished down on Cypress lake and other locations. Fishing was not so hot, but we got sufficient for the pan meals on the lake shore. Those fish just passed by those fat prison farm and six mile bend worms, which I tried to feed them. Guess they must have deemed them contaminated. Up at Coleman I located a spring fed stream, customarily a dead fishing spot, but it being in a flood stage no successful angling

was recorded. Did strike the "old swimming hole" where 80 or more young people of the vicinity were surely enjoying themselves to the limit.

I have seen ice gorges break in the streams of Ohio and flood down stream, which is an unusual sight, but I saw something new down on Canoe creek, and that was the breaking up of a hyacinth jam. As I sat under the cypress tree, noticed the water rising and heard a noise back of me. Then it was time for the old judge to get a hustle and get himself for safety and I just made it. More than two miles of hyacinths moved down the stream into the lake at a rate faster than a man could run. Soon along the canal bank there appeared many snakes, which was another motive why fishing was not a safe sport at that particular spot. Saw a big possum comfortable lodged on one of the mass of debris apparently enjoying the boat ride.

Cypress lake is one of the Kissimmee river valley lakes, a beautiful body of water 8x10 miles in dimension, which can kick up in a storm in a menacing manner. Lakes up in the upper Kissimmee valley are filling with water which in time will reach the big lake, raising its level considerably.

Traveling the highway route from St. Cloud to Kissimmee, Orlando, Mt. Dora, Leesburg, Coleman, Bushnell, Dade City, Sebring, Moore Haven and home, notice extensive building projects completed or in progress, mostly of cement block construction. In the past two years St. Cloud has had 110 new residences and several business blocks have been erected. Orlando suburbs are reaching out in every direction with homes and commercial enterprises. Dade City and Zephyrhills do not look like the same places of ten years ago. In Sumpter county farmers already have their land prepared and some planting done of the type of pro-

duce they raise. Pastures look good and are well stocked with cattle. No appearance of poverty all along the long trek.

VETERANS NEWS

Continued From Page One
whereas a year ago, the June figures were nearly 58-thousand.

Home Loans In Majority
From the beginning of the G-I loan program through June 25th, a total of one million, 384 thousand had been approved for guaranty or insurance. Of this number, some 88-thousand applications were for business loans, and another 48-thousand were for farm loans. Home loans totaled well over one million. These statistics show that the G-I loan provision has been worth a lot to thousands of veterans. It is good to know that this benefit does not expire until July 25, 1957. . . . ten years from the official end of the war. Take time in arranging for a G-I loan and use a lot of forethought in making a bid for a home or a business venture. Loans made unwisely mean the loss of a wonderful opportunity for a home or business that can never be recovered.

Education And Training
Local veterans who plan on attending their favorite school or university next term under the G-I Bill should make immediate arrangements for a certificate of eligibility through the VA. Delay in securing this important certificate can mean a long delay in getting any subsistence allowance. The school will require that you have the certificate before they enroll you at the expense of the VA for information and prompt service in getting yourself fixed up, contact your local service officer of the VA representative when he is in your area.

Hospitalization and Treatment
During May, 1948 more than 44-thousand veterans were admitted as patients to VA and non-VA hospitals. If you are a veteran and think you require hospitalization, consult the VA and your service officer before you make any arrangements. It

might be possible for the VA to hospitalize you and give you excellent treatment, at no personal expense. Another thing . . . if you have some injury or disease resulting from your wartime service and feel in need of treatment, it can be possibly arranged through your home town physician, once your disability is established as service incurred with VA. Above all, if you had a serious injury or illness while in the service . . . file a claim immediately with the VA thru your veterans service officer. Dental Out-Patient Care to Veterans. Many wartime fillings and replaced teeth are beginning to fall out, and the veteran is wondering what to do. Uncle Sam has extracted a lot of teeth and filled a great many more, so it may be possible for you to get some of the work done at VA's expense. One thing for sure it won't hurt to file a claim for dental work through VA, for they've been taking care of a great many dental claims.

VA Finest Service Continues
Still following a practice of giving the veteran every opportunity for full information, the VA sends a representative into for off communities each week to render competent service to veterans. This area is served by the VA office located in West Palm Beach and the schedule is shown below. Visit the VA representative and save yourself needless expense and travel. Delray Beach, 2 to 4:30 each Monday at the Youth Center. Lake Worth, 2 to 4:30 each Tuesday at the City Hall. Pahokee, 9 to 12 each Wednesday at the City Hall. Belle Glade, 2 to 3:30 each Wednesday in the Sanders Building. Clewiston, 8 to 12 each Thursday at the Union Hall Building. LaBelle, 1 to 2:30 each Thursday in the Court House.

If there is a personal problem and you are unable to see the VA representative, you may receive information and service by writing to Veterans Administration, 712 Coleman Building, in West Palm Beach.

CAN YOU STOP ON A DIME?

Most cars today are old and war-weary. Their average age is eight years. They need more attention—more repairs—and more adjustments for safe driving.

Can you be sure your car will stop at a dangerous intersection, or remain in control down a steep hill? Are your brakes efficiently adjusted for quick emergency stops? Don't wait for a crash to find out. Make periodic examinations of your safety equipment. Check brakes, steering gear, wheel alignment and lights.

You are at the mercy of a ton of fast moving metal. At 40 miles per hour it requires 128 feet for a safe normal stop from the time your brain tells your foot to step on the brake. Remember—it's your car and maybe your life, or the lives of others at stake.

Before you START be sure you can STOP—even on a dime.

They were lodged in the Belle Glade jail where they were interrogated and continued to protest their innocence even when confronted with an eye witness to the theft. Friday they were transferred to

the county jail at West Palm Beach to await trial.

According to the eye witness, who is being held under bond on a material witness and facts brought out by the officers investigating the case, the two men on July 31, are supposed to have cranked up the bulldozer and driven it in the effort to cause a drainage canal on the plantation. The machine being bogged down in the soft mud in the canal and was there abandoned. The machine was extracted and repaired to put it into running order by the owners at an approximate cost of \$500 according to Chief Payne.

South Bay Schools Open With New Principals

The school opening in South Bay is set for September 5 according to Principal Edwin C. Kennedy, who arrived last week and is now making arrangements for registration of pupils.

All pupils who have been in the state or who have returned to the state on or before August 24 will register Tuesday morning, September 5 between the hours 8:30 a. m. and 12:00 noon. School buses will run for the convenience of children Tuesday morning.

Children who have been out of the state and returned later than August 24 will register Tuesday morning at 1:00 p. m. They will not be permitted to ride the bus and must furnish their own transportation for registration. They will not be permitted to enter school until they have been in the state for two weeks.

Regular classes will start on Wednesday and the school buses will run according to regular schedule.

The faculty will be composed of Principal Kennedy, who comes to South Bay from the Polk County Schools. He holds an AB degree from Erskine College at Due West, S. C. and has taken post graduate work at the University of South Carolina and has had both supervision and administrative experience in the public schools. He is a native of South Carolina and the son of Dr. R. M. Kennedy, a practicing dentist at Newberry, S. C.

Mr. Kennedy expressed pleasure at coming to the Glades on previous occasions and interested in their development and expressed a firm belief in their future growth and progress.

Other teachers on the force are the same as last year: Editha Eckman, Mrs. Olga Hardy, Mrs. Lesie Martin, Mrs. Ruth Murphy and Mrs. Mary Horton with Mr. McClure part time science instructor.

The first faculty meeting of the South Bay teachers was conducted at Central School, West Palm Beach, on Tuesday at 1:30 p. m. where elementary school teachers are still attending Work Shop.

Shirley Miller Has Party

Mrs. E. O. Miller of South Bay gave a party Thursday for her daughter, Shirley, on her sixteenth birthday.

Light refreshments were served to Jimmie Cooper, Jimmy Lou Summerlin, Billy Wall, Betty and Linda Miller, Patsy Rutine, Sue Miller, Mrs. Louise Herring, Mrs. Marguerite Miller, Carolyn Barnes, and Mrs. Elton Summerlin.

Stork Shower For Mrs. Lelah Frasure

Mrs. R. G. Fisher was hostess at a stork shower at her home on the evening of August 25, complimenting Mrs. Lelah Frasure.

Guests were entertained with three games, Mrs. Melvin Herring, Mrs. E. E. Hardy, Mrs. Linton Miller, Mrs. Barbara Fisher, Miss Joan Libardo, Mrs. P. E. Goodbread, Mrs. Robbie H. H. Walker, Mrs. Anna Walker, Mrs. Naomi Griffin, Mrs. Marvin Davis, Miss Lorraine Tibado, Mrs. R. G. Fisher, Mrs. J. Frasure, Sr.

Selective Service Enlistments Being Taken At South Bay

The peace time draft of all young men between the ages of 18 and 25 started Monday at the Town Hall under the supervision of Eugene E. Hardy, post commander of the American Legion, Post No. 161.

All young white men in the South Bay, Belle City, Okeelanta, Lake Harbor area up to the Hendry County Line are required to register at South Bay Town Hall before September 18 at 6:00 p. m.

Mr. Hardy was assisted on Monday by Mrs. F. W. Mutchler. Registration is all to be done by voluntary labor. Volunteers

for this work to date are Mr. and Mrs. R. G. Fisher, Mrs. T. E. Weather. Those who can donate some time are requested to get in touch with Mr. Hardy and designate the days on which they will be available. It is hoped that a goodly number will assist with the work in order to relieve anyone of few persons from hardship.

There will be no designated days for those of various age groups, Hardy said, each one will be taken as he comes in and the earlier they register the easier for all concerned.

Negatives are being registered by Harvey Pool at the various camps and at the town subdivisions. Registration days will be arranged by him to suit the convenience of the camps.

All young men whether they are native Americans or foreign born, veterans or plain civilians are required to register if they are within the age limits.

The first registrant at South Bay was a veteran, 14 was registered during the day, approximately 50% of whom were veterans.
